Dear Howard,

Enclosed is an executed copy of the confidentiality agreement.

As per our telephone conversation of last Thursday, I have confirmed with Ed Wheeler that H. Hume Mathews and I will meet with Ed and other Celanese people in the Summit, N. J. facilities of Celanese at 1:30 on Friday, November 2.

At that time we shall present the total written disclosure. We will of course be glad to go over it in a more formal and leisurely pace with various technical people at a later date. While we can appreciate your desire to get a quick look see, we of course would like to put forth the best professional image possible. To that extent we are rushing the disclosure to completion.

I wish you were able to attend this meeting. Perhaps we shall meet soon.

Best Regards,

John Kollar
